DETAILED ACTION

Allowable Subject Matter

1. Claims 8-19 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 8-19 are allowable over the prior art of record because the prior art of record does not teach or disclose a method of analyzing a sample comprising the steps of providing an apparatus comprising a diaphragm mounted directly downstream of the laser emitter, the diaphragm reducing a cross section of the optical beam to prevent reflection of the optical beam on the walls of the measuring cell and determining the vanishing point of crystals in the sample from the detection curve within a temperature range of -5 to -120 degrees Celsius, in combination with the remaining limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
